MEMORANDUM FOR: All Participants in Ginnie Mae Programs

FROM: Michael J. Frenz, Executive Vice President

SUBJECT: One-Month Extension on GinnieNET, Version 6.2 Desktop Application and Revised ARM Pool Submission Date for July

Previously, Ginnie Mae announced that the GinnieNET, Version 6.2 desktop application would not be available after June 30, 2007. However, Ginnie Mae has extended the desktop application termination date by one month to allow those issuers that have not yet migrated to web-based GinnieNET to do so. Therefore, the GinnieNET, Version 6.2 desktop application will not be available after July 31, 2007.

As was stated in APM 07-04 effective for August 1, 2007 issuances, additional edits will be applied to pools containing adjustable rate mortgages (“ARMs”). The edits will require the submission of additional data elements in a new file layout. The new file layout for all adjustable rate mortgages can be found in the APM 07-04 attachment at www.ginniemae.gov.

In order to prepare for this change, the GNMA II Custom ARM pool submission date for the month of July has been changed from July 27, 2007, to July 17, 2007 (see table below for additional details).
