Option #1: Standard Submission Leveraging the Ginnie Mae Central (GMC) Portal (Optional)

- **Overview:** enables issuers to submit their Annual Audited Financial Statement Packages and enter data corresponding to each package schedule (i.e., Financial Statements, Net Worth, Liquid Assets, etc.) This is a more comprehensive submission that can ultimately reduce Ginnie Mae follow-up and additional requests for information.
- **Instructions:** Log into [MyGinnieMae](#) (MGM) Portal and select Ginnie Mae Central (GMC) application link under My Tools. Only available to users who hold the GMC functional roles in MGM, as outlined in [Modernization Bulletin No.46](#).
- **Considerations:** Basic Users may assist with submission, but an Authorized Signer user is required to certify and deliver to Ginnie Mae.

Option #2: Alternative Submission Leveraging Direct Link (Mandatory, if Option #1 is not selected)

- **Overview:** Issuers who elect **not** to submit their Annual Audited Financial Statement Packages via the Traditional method, may choose to leverage the Alternative Submission method. This requires the submission of the standard Annual Audited Financial Statement Package and minimal data entry, to include: the Issuer's FYE date, Adjusted Net Worth calculation, and Certification.
- **Instructions:** Upon request only, issuers will be able to email askGinnieMae@hud.gov for a direct link to the alternate submission site.
- **Considerations:** Only Authorized Signers listed on the Issuer's Form HUD-11702 will be able to access the alternative submission website and complete the submission process. Extension requests must still be submitted via Option 1.

- a. CEO/CFO or Equivalent are the only ones that can submit, per APM 24-04,
- b. Per Chapter 3, Part 7, Section B of the MBS Guide, and consistent with the purpose of the 11702. An "Equivalent" would be an officer of the Issuer who has the authority to certify such financial information, must be listed on the 11702 as an authorized signatory, and have an active RSA SecurID Token to act in that capacity.

14. Can I request an extension?

- a. Yes, extensions must be requested in GMC 15 days or more before the submission deadline.
