MULTIFAMILY CHANGES & CONVERSIONS

CONVERSIONS

- A **Construction Loan Pool** will convert to the Permanent Loan (Project Loan) Pool upon completion of the construction period and when the final construction loan draw is to be issued/delivered.

- Two ways to submit a Multifamily Conversion:
  - **Conventional** Method
  - **Modernized** Method

**NOTE:** All Construction Loan Pools must convert to a Project Loan Pool (PN).
**MULTIFAMILY CHANGES & CONVERSIONS**

**TYPE 3 CONVERSION – CONVENTIONAL METHOD**

**What is a Type 3 Conversion?**

A Type 3 Conversion is the submission of the PN pool with the manual return of the CLCs position(s), with issuance of the Permanent Loan Security (Position) through the Federal Reserve Bank of New York (FRBNY).

Whoever holds/owns all the CLCs must return the positions to the FRBNY for cancellation so the project loan position can be issued and delivered.
When MUST an Issuer submit a Type 3 Conversion?

If there isn’t a Final Draw

If the Issuer **advances** or funds are < the minimum security amount ($1,000)

If the final draw is < the schedule principal collected and loan commenced amortization.

Issuers **cannot** request a Type 3 Conversion with draw issuance **in the same month**. For example, if you issue the last draw in April, you must convert in May, not April.
What is a Type 5 Conversion?

A Type 5 Conversion is when the final draw and PN conversion are submitted together for issuance. The final CLC is delivered for settlement, and three business days later the CLC is automatically canceled when the PN is delivered through the FRBNY for settlement.

Whoever holds/owns all the CLCs must return the positions to the FRBNY for cancellation so the project loan position can be issued and delivered.

TYPE 5 CONVERSION STEPS

1. Issuer contacts BNY Mellon to obtain Investor(s) of record for the CL pool.

2. BNY Mellon contacts FRBNY for Dealer/Investor details; forwards information to Issuer.

3. Final draw/PN conversion (Type 5) submission is received by BNY Mellon.

4. BNY Mellon contacts FRBNY to send a broadcast message to Dealers/Investors regarding the conversion.

5. CL/PN conversion is approved for issuance and settlement.

### Single Family Issuer Training
For Complete Document Custodian Transfer or Merger, the Issuer is required to submit a completed pool list.

For a Partial Document Custodian Transfer or Merger, the Issuer is required to submit a completed list of the pools being transferred; as well as the pool listing(s) for Existing Document Custodian(s).

The Issuer should enter an Effective Date of Transfer as a business day of the month at least three (3) days past the current date and not more that six months past the current date.

If a pool is transferred with a Final Certification pending, then when the new Issuer completes the pending Final Certification, that certification will close out both the open Final Certification and the pending Recertification from the recent transfer.

An e-Notification of approval or rejection is sent to the Issuer and new Document Custodian.

Pool listing may be imported, or key entered directly into GinnieNET.
