**MyGinnieMae** is a single gateway to all Ginnie Mae’s systems, applications, and resources, that boosts efficiency for our business partners. The portal provides enhanced security and a single entry-point to all approved applications for individual users, as well as a seamless user registration and access request process for both the user and the approving authority.

**MyGinnieMae** will eventually replace GMEP 1.0 and serve as a primary platform for extending information technology (IT) capabilities to the Ginnie Mae community. MyGinnieMae delivers security features which Ginnie Mae established.

Access **MyGinnieMae** at [https://my.ginniemae.gov](https://my.ginniemae.gov) using any of these web browsers.
### Introduction to MGM Portal – Roles & Responsibilities

**Organization Administrators** are privileged users who **control system access**, **assign functional roles**, and **perform other user management activities**. These individuals are responsible for ensuring that End Users at their respective organizations are provided the appropriate level of access for their business role with Ginnie Mae and for the maintenance of those user accounts. Formerly known as Security Officers and Enrollment Administrators.

<table>
<thead>
<tr>
<th>User Type</th>
<th>Responsibility/Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Operations Administrator</strong></td>
<td>Operations Administrators have general oversight of the Portal. They can only provide final acknowledgement of access requests and cannot make any changes to end user accounts. This function is provided by BNYM Operations on behalf of Ginnie Mae, with Ginnie Mae information Security serving as the Super Administrator over the entire system.</td>
</tr>
<tr>
<td><strong>Organization Administrator</strong></td>
<td>Organization Administrators have the privilege to invite end users to register for a Portal account, approve user registration, initiate access request via functional role assignment to user and approve the access request within a single organization. Note: Separation of duties within the registration and access request workflows does not allow the Organization Administrator to initiate a registration and approve that same registration nor request access via functional role assignment and approve that same access request. A minimum of two Org Admins are required and it is recommended to have more than the minimum from an operational perspective.</td>
</tr>
<tr>
<td><strong>End User</strong></td>
<td>End Users are the various types of Ginnie Mae employees, business partners, and contractors who require access to the business applications and information within the Portal, including various self-service functions.</td>
</tr>
</tbody>
</table>
End Users are provided access based on their business activities which are organized into meaningful access profiles called Functional Roles. Use of Functional Roles ensure users have an appropriate level of access in relation to their job functions/responsibilities, enforces the least privilege principle, and makes the account provisioning/de-provisioning actions easier for Organization Administrators. These roles are grouped and vary by type (Single Family, Multifamily, HECM, etc.).

Master Agreement Management System (MAMS)

Ginnie Mae Issuers are responsible for initiating the documentation required to complete the Master Agreements Submission process. Details about the forms and processes required to complete the submission process are provided in: Master Agreements Management System (MAMS) Guide

In addition:

The MAMS Quick Reference Card provides procedures and information for the topics listed below.

- Create a Form
- Print Agreements
- Upload/Import Completed Forms
- Search/View Forms
- Submission Center

On an annual basis Issuers must recertify their eligibility by completing the renewal process.

Ginnie Mae requires the recertification of Master Agreements annually between:
October 1 – December 31.

Important to start recertification process as early as October 1 to reduce year-end spike in volumes.

If an Issuer does not complete their recertification within the renewal period they will not be eligible to issue Ginnie Mae pools and will have to repeat the initial submission process.

Accessing Commitment Management (CM) via MGM

1. From any screen in the MGM portal, select the **Tools** dropdown at the top of the screen.
2. Then look for **CM** under **Applications**.
3. Select **COMMITMENT MANAGEMENT**.
An Issuer must comply with Ginnie Mae’s eligibility requirements and have **sufficient Commitment Authority available** to successfully issue Ginnie Mae securities.

Commitment Authority allows an Issuer to **issue up to an authorized dollar amount of securities** and constitutes a commitment line balance.

The **Commitment Management (CM) Application** replaces the manual submission of documents, submission of fees via www.pay.gov and provides an Issuer with an automated method to:

- **Submit requests** for Commitment Authority
- **Confirm** the associated commitment fee
- **Proactively monitor** their Commitment Authority balance and request status
- **Submit payment instructions** for ACH debit of commitment fees
- **Request** reports
