This publication will be used periodically to provide notifications and information about Ginnie Mae Modernization efforts. This is not a device to implement official policy changes to Ginnie Mae's Mortgage-Backed Securities (MBS) programs. If you have any comments or suggestions on how to make this publication more informative and helpful, please contact askGinnieMae@hud.gov.

Platform Upgrades- RFS Navigation Changes

As previously announced, Ginnie Mae recently performed platform upgrades. Alongside performance improvements gained from operating in the cloud, the results of these platform upgrades include changes to how users navigate to RFS Applications.

The following is a list of the RFS Navigation changes resulting from the platform upgrades.

1. RFS Applications now automatically open in the same window as the MyGinnieMae Portal. To navigate between applications, users should return to Tools and select the application name to open. Users should not open RFS Applications in a new tab, this may cause session timeout issues. NOTE: The AMC and IOPP applications will still automatically open in a new tab. This is expected behavior and will not cause session timeout issues. 2. Access for RFS Applications is now in MyGinnieMae. No application RFS Users

Fitchratings

 Access for RFS Applications is now in MyGinnieMae. No application functionality will be impacted. However, RFS Applications are listed in a different order in the MyGinnieMae Portal than they were in the GMEP 1.0 portal. See screenshot below for the updated ordering of all RFS Applications.

Ginnie Mae is a wholly owned government corporation within the U.S. Department of Housing and Urban Development. Ginnie Mae pioneered the mortgage-backed security (MBS), guaranteeing the very first security in 1970. An MBS enables a mortgage lender to aggregate and sell mortgage loans as a security to investors. Ginnie Mae securities carry the full faith and credit of the United States Government, which means that, even in difficult times, an investment in Ginnie Mae is one of the safest an investor can make.
