

# Modernization Bulletin

This publication will be used periodically to provide notifications and information about Ginnie Mae Modernization efforts. This is not a device to implement official policy changes to Ginnie Mae's Mortgage-Backed Securities (MBS) programs. If you have any comments or suggestions on how to make this publication more informative and helpful, please contact [askGinnieMae@hud.gov](mailto:askGinnieMae@hud.gov).

## Quick-Access Links Added to Multifamily Loan Activity Screen in the RFS PA/MF module

Effective **January 26, 2026**, a new enhancement to the Pool Accounting/Multifamily PA/MF module in RFS was deployed to improve the Issuer experience and help streamline monthly reporting. We are introducing two new quick-access links to the **Loan Activity** screen tab.

The following links will be available on both the **Edit Construction** and **Edit Project** loan screens:

- **View Pool Activity**
- **View Loan Master Data**

This change standardizes the PA-MF Loan Activity screen with the PA-SF Loan Activity screen and these links will reduce the number of “clicks” required for issuers performing monthly reporting.

If you have any questions, please email [askGinnieMae@hud.gov](mailto:askGinnieMae@hud.gov).

Ginnie Mae is a wholly owned government corporation within the U.S. Department of Housing and Urban Development. Ginnie Mae pioneered the mortgage-backed security (MBS), guaranteeing the very first security in 1970. An MBS enables a mortgage lender to aggregate and sell mortgage loans as a security to investors. Ginnie Mae securities carry the full faith and credit of the United States Government, which means that, even in difficult times, an investment in Ginnie Mae is one of the safest an investor can make.
