

This publication will be used periodically to provide notifications and information about Ginnie Mae Modernization efforts. This is not a device to implement official policy changes to Ginnie Mae's Mortgage-Backed Securities (MBS) programs. If you have any comments or suggestions on how to make this publication more informative and helpful, please contact [CXG@hud.gov](mailto:CXG@hud.gov).

## ***Update on the SFPDM and PDD Adoption Effort***

*Since Ginnie Mae last updated the Issuer community on SFPDM, great strides have been made in preparation to rollout the application to users, setting the stage for a successful adoption.*

### **Technology Implementation Complete**

The Single Family Pool Delivery Module (SFPDM) and the Pool Delivery Dataset (PDD) Validation and Testing Tool (VTT) are in Production

### **SFPDM Pilot is ongoing, providing valuable feedback to the program**

Ginnie Mae is working with a subset of Pilot Issuers and Vendors to help provide feedback on the SFPDM application and dataset prior to rollout

### **More Issuer communications coming**

Be on the lookout for more communications from Ginnie Mae in the coming weeks regarding SFPDM and PDD Adoption

Ginnie Mae is a wholly owned government corporation within the U.S. Department of Housing and Urban Development. Ginnie Mae pioneered the mortgage-backed security (MBS), guaranteeing the very first security in 1970. An MBS enables a mortgage lender to aggregate and sell mortgage loans as a security to investors. Ginnie Mae securities carry the full faith and credit of the United States Government, which means that, even in difficult times, an investment in Ginnie Mae is one of the safest an investor can make.
