| Version 1.0      | 02/28/2014. Initial Version.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Version 2.0      | <p>03/14/2014. Initial version plus these changes: (1) revised to remove references to the word “Monthly”; (2) added language to indicate that this same format is used for Enhanced Pool/New Issuance Daily and Weekly disclosure, and Enhanced Monthly Pool disclosure.</p> <p>All record formats remain the same; no changes</p>                                                                                                                                                                                                                                                                                                      |
| Version 3.0      | 04/21/2014. Version 2.0 with these changes: (1) Highlighted changes to legacy Pool Monthly Disclosure format; (2) renamed field 6, “Beginning Security Interest Rate” , in the “D” record to “Current Security Interest Rate”.                                                                                                                                                                                                                                                                                                                                                                                                           |
| Version 3.1      | 09/24/2014. Version 3.0 with these changes: (1) renamed field 17, “Maximum WAC (Q4)( the calculated prospective WAC)” in the “D” record to “Maximum WAC (Q4)( the reported prospective WAC)”; (2) renamed field 18 “Minimum WAC (Q4)( the calculated prospective WAC)” in the “D” record to “Minimum WAC (Q4)( the reported prospective WAC)”;                                                                                                                                                                                                                                                                                           |
| Version 4.0      | <p>03/01/2015. Version 3.1 with these changes:</p> <p>(1) Add to Pool Details (Type “D”) record:</p> <ul style="list-style-type: none"> <li>- Pay Op LUMP SUM related fields: <ul style="list-style-type: none"> <li>Number of Participations, UPB of Participations, UPB of Participations as % of Pool UPB, UPB of Participations as % of Principal Limit of HECM Loans, UPB of Participations as % of MCA of HECM Loans, HECM UPB as a % of Principal Limit of HECM Loans, HECM UPB as % of MCA of HECM Loans.</li> </ul> </li> <li>- Original Security Interest Rate (WAC)</li> <li>- Maximum WAC (Q4) (the original WAC)</li> </ul> |

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
