Ginnie Mae is a wholly-owned government corporation within the U.S. Department of Housing and Urban Development. Ginnie Mae pioneered the mortgage-backed security (MBS), guaranteeing the very first security in 1970. An MBS enables a mortgage lender to aggregate and sell mortgage loans as a security to investors. Ginnie Mae securities carry the full faith and credit of the United States Government, which means that, even in difficult times, an investment in Ginnie Mae is one of the safest an investor can make.
